

I Am a girl

By: Madina Band Ali

I am a girl born with an old soul and a great attitude
Lived my whole life with integrity and gratitude
Admire and treat me like a Disney princess
Stand firm and don't worry about the process

I have got a heart full of love and kindness
A nice character of confidence and tenderness
A soul that only expands in worshipping the creator
And a family who each and everyone is a donator

Smartness is my perfect beauty
Preserving humanity is my responsibility
I don't need any expensive things
Gold, silver, pearl, and diamond rings

Let the world know that I am fearless and devoted
I dream big and I can work hard for it
I am a girl born with an old soul and a great attitude
Lived my whole life with integrity and gratitude
